

CASTLE TRAIN FOR THE HR GIGER MUSEUM

Dear friends of HR Giger

We plan to realise HR Giger's dream, namely to build a castle train in his museum in Gruyères.

In order to finance this project, HR Giger has created a special Donor Certificate in the form of a signed and numbered limited edition art print, which can be acquired for 200 Euros, 300 SFr or 250 US Dollars.

Your contribution, minus a 10 % deduction for the production costs for the print, will be held in escrow for 3 years in a blocked account.

We hope that we can sell 10,000 prints worldwide to cover the construction cost of the castle train, which is estimated to be 3 million Swiss Francs.

In case this sum cannot be met by the sale of the Donor Certificates, the total amount raised through the sale of the prints will, after 3 years, be transferred to the HR Giger Foundation, which will be formed in the interim for the preservation of the HR Giger Museum and HR Giger's legacy.

HR Giger renounces all personal financial benefit from the funds raised from the sale of the Donor Certificate, in order to invest the total sum into the planned project.

Mode of payment: advance payment.

This signed and numbered limited edition art print, in the minimum, will retain its initial purchase value for the collector, and will guarantee a one-time free entrance to the HR Giger Museum in Gruyères for 5 persons, upon the presentation of the sale receipt.

We would be very happy if you helped us realise HR Giger's dream.

With our very best greetings
HR Giger
Carmen Scheifele, HR Giger Museum
Stephan Stucki, ARTcommunication

We particularly thank: François Loeb & Nicole Loeb and the collaborators of the LOEB Department Store, Bern
Walo Steiner, art printer, Densbüren
